

Spanish language course by videoconference

Language	Spanish
Language level	Any level
Teaching hours	20h
Credits	2,5 ECTS

The Spanish language course by videoconference is spread out over two weeks. During this time, the student has access to the study materials, a syllabus of practical exercises, complementary self-learning materials, etc. in the Campus Virtual. These materials alongside group videoconferences and individualized tutorials as well as the use of forums to be in contact with the class group will be the basis of your learning.

The personalized attention, the professionalism of our teachers, the quality of the materials such as e-books of our own authorship and constant feedback are our guarantee of success.

A placement test will be held to organise the class-courses based on CEFR standards (A1, A2, B1, B2, C1, C2).

At the end of the course, the students will receive a certificate of achievement with the hours spent in the language level according to the CEFR (Common European Framework of Reference for Languages).
