Language	Spanish
Language level	Any level
Teaching hours	110h

Introduction

The Spanish language course by videoconference is spread out over the semester. During this time, the student has access to the study materials, a syllabus of practical exercises, complementary self-learning materials, etc. offered weekly in the Campus Virtual so the students can work with it whenever they want. These materials, alongside synchronous group videoconferences (from Monday to Thursday) or asynchronous depending on the time zones (almost half of the course hours), and individualized tutorials also by videoconference (almost half of the course hours), as well as the use of forums to be in contact with the class group will be the basis of your learning.

The personalized attention, the professionalism of our teachers, the quality of the materials such as e-books of our own authorship and constant feedback are our guarantee of success.
